

VRIS UPDATE

Post Secondary Supports – Tools 11/04/08 Number 196

SUMMARY OF UPDATES

Policy language around the purchasing of post secondary tools has been added to the Post Secondary Supports chapter. In addition to adding the fee schedule language from Rule 72 for Tools-Post Secondary, further instructions is provided for those situations where a school does not provide a specific tool estimate, but instead provides a tool estimate range. The instruction states that when only a range of tool estimate cost is provided, VR will use the mid-point of that range rather than the low or high end of the range to calculate the cost equal to 50%.

The chapter is posted to VRIS: Program Manual: Community Services: Post Secondary Supports.
